

8TH INTERNATIONAL FORUM
ON ARCHITECTURE AND
CONSTRUCTION
IN WOOD

**14-15 OCTOBER
2020**

EGURTEK: International Forum of Architecture and Construction in Wood, is a professional meeting that brings together an important event including technical seminars, an award ceremony and the exhibition of products.

It is an initiative of the Department of Economic Development and Infrastructures of the Basque Government, and is organized by the Bilbao Exhibition Centre to achieve the following goals:

- TO PROMOTE THE USE OF WOOD in Construction.
- TO SUPPORT AND IMPROVE THE MARKET POSITIONING of 2nd stage wood transformation companies.
- TO HELP AND PROMOTE sustainable construction.
- TO INTRODUCE new concepts and types of construction to decision-makers (Architects and Engineers).
- TO TRAIN future construction professionals.

- Sou Fujimoto
- Spela Videcnik
- Tszwai So
- Tudor Radulescu
- Victor Orive
- Wolfgang Berger
- Pol Massoni

FROM EGURTEK TO EGURTEK ONLINE

Due to the pandemic, all the work to promote and organise EGURTEK had to come to a halt, even though a lot of progress had been made: 7 exhibitors in February 2018 vs 22 in February 2020.

During lockdown we worked on the EGURTEK awards decision and we promoted them on social media, on the website, etc.

In spring, the decision-making process was put on hold because of the uncertain situation, but throughout the summer we kept in touch with exhibitors, speakers and collaborators. We worked together to reach the best decision regarding how to hold EGURTEK in October.

In September, in agreement with the Basque Government, we decided to hold the event and technical workshops online and set up all the technology we needed to live-stream it with simultaneous interpreting. Exhibitors got exposure thanks to the online directory and live ads.

Egurtek 2020 was officially opened by Bittor Oroz,
Basque Government Deputy Minister for Agriculture, Fisheries and Food Policy

EKAITZ URIBE RUS

Architect
**OREKA ARKITEKTURA –
DONOSTIA/SPAIN**
